Correction of: <https://ai.jmir.org/2023/1/e44358>

(*JMIR AI* 2024;3:e57869) doi: [10.2196/57869](https://doi.org/10.2196/57869)

In “Using Conversational AI to Facilitate Mental Health Assessments and Improve Clinical Efficiency Within Psychotherapy Services: Real-World Observational Study” (*JMIR AI* 2023;2:e44358) the authors noted one error.

One author, Sruthi Viswanathan, was inadvertently omitted from the authorship list in the original publication of the paper. Sruthi Viswanathan has now been added to the authorship of the published paper as the fifth author, with the degrees "BTech, MRes" and the following affiliation:

Limbic Limited, London, United Kingdom

In accordance, the Conflict of Interest statement has also been updated to include this author. The originally published statement appeared as follows:

MR, KJ, JH, BC, and RH are employed by Limbic Limited and hold shares in the company. TUH works as a paid consultant for Limbic Limited and holds shares in the company.

This statement has been corrected to:

MR, KJ, JH, BC, SV and RH are employed by Limbic Limited and hold shares in the company. TUH works as a paid consultant for Limbic Limited and holds shares in the company.

The correction will appear in the online version of the paper on the JMIR Publications website on March 12, 2024, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.

This is a non-peer-reviewed article. Submitted 29.02.24; accepted 01.03.24; published 12.03.24.
